A SCOTCH THIRTY
NUMBER
WITHROW HIGH SCHOOL
CINCINNATI OHIO

FOREWORD

LADIES AND GENTLEMEN:

We wish to introduce to you none other than the one and only famous Purdie Mac-Gregor. To the majority of us, Purdie is a new figure. One to be amazed at, questioned about, investigated, *but* above all, obeyed! How many of us knew that, when the 9:20 pulled into the Grand Central Depot on September 15, 1932, it brought with it the future social secretary to Mr. Lyon?

A goodly number of enthusiastic students journeyed down to welcome Purdie. All were extremely curious to view the canny Scotchman about whom they had heard so much. Their wait was not long, however, for Purdie was the first person off the train. As he alighted (carrying his own baggage, much to the chagrin of the porters), he greeted them with a short but cheery Scotch grin.

"Ah, the soot and dirt," he said. "'Tis not like this i' bonnie Scotland. I'd venture tae say that this is the meeting place for a' the noise and grime i' the city."

"Oh, but we're going to have a new terminal in April," replied a civic-minded Senior. "It will be the finest in the country, so when you return to your homeland, you will be able to go out from the new terminal."

The skeptical Purdie was wreathed in smiles when he learned of this, and a jovial and spritely conversation about his bonnie Scotland was carried on all the way out to Withrow.

Our personal contacts with Purdie may be few and far between, but all of us have come into daily contact with his age-old principle—THRIFT!

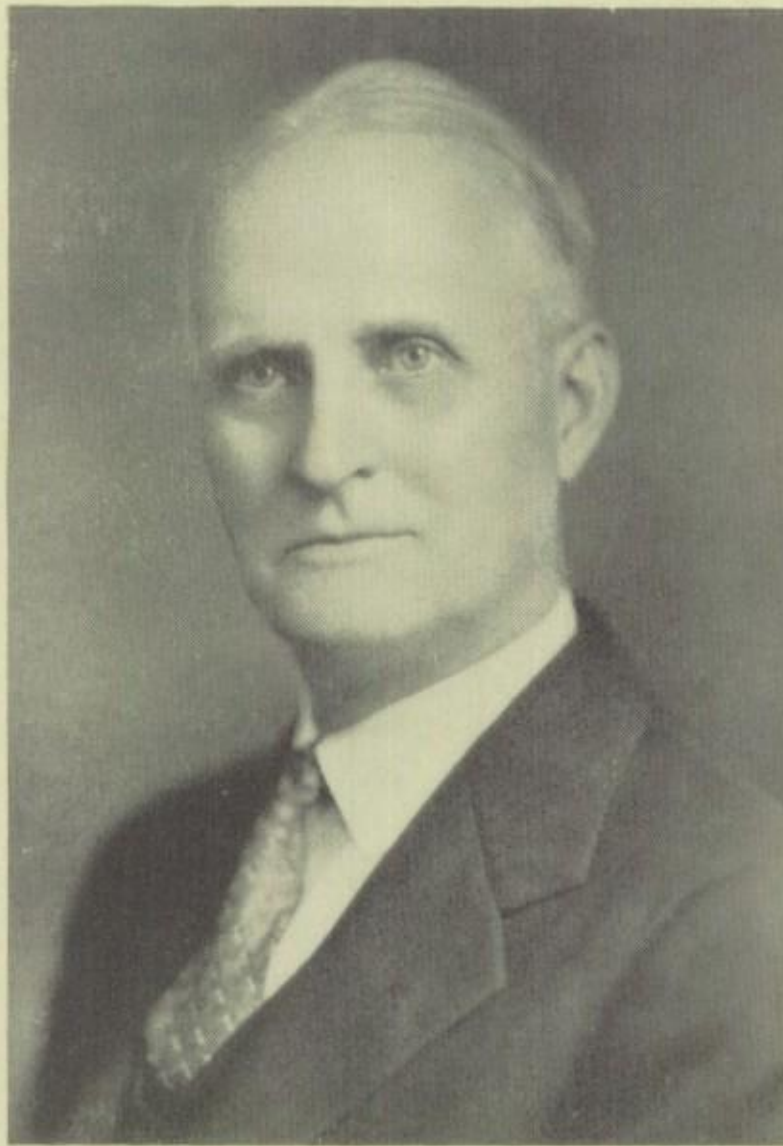

Some of us suspected it; others guessed it; many laughed at the idea, but at last the secret's out. Yes—this *is* a thrift issue!

Quite in line with our theme, we have chosen a personage who, in our minds, exemplifies the idea of thrift—Purdie Mac-Gregor.

We sincerely hope you will like and enjoy reading about Purdie as much as we have enjoyed writing about him.

TO WALTER PEOPLES whose kindly smile
and friendly words will linger long in our
memories of Withrow, the Class of '33
dedicates this Year Book.

MR. E. D. LYON

MR. W. A. PEOPLES

S E N I O R S

AS SOON as Purdie had arrived at Withrow, he demanded to be shown about the school. Guides were not found wanting, the whole Senior Class offered their services.

"Ye canna all take me," he laughingly told them. "Jes' one or twa of ye can go. The rest of ye hae better get back tae yer classes."

After making his official tour of the school, Purdie immediately installed himself in his new office (top floor of the Tower) and set to work.

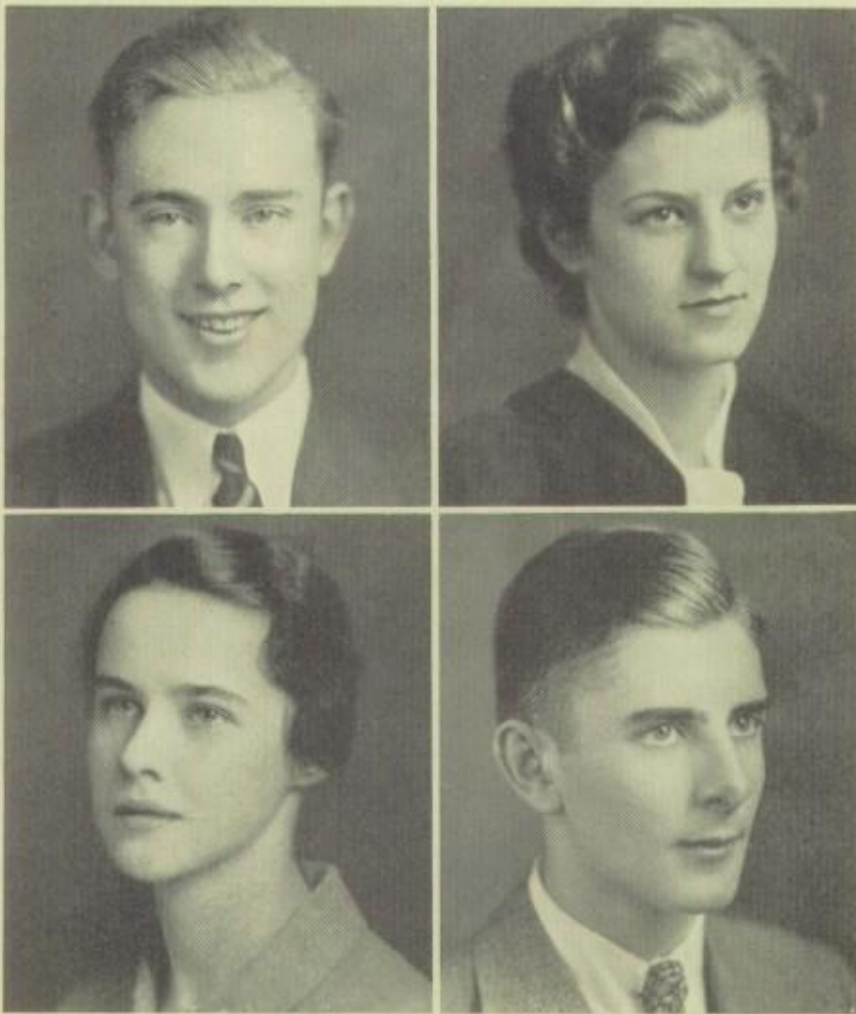

The most important problem at the time was the publishing of the 1933 Withrow Annual. When Purdie had finished scanning several previously published Annuals, he broke forth with the amazing declaration:

"I dinna see the sense i' writing sae much an' saying sae little. As my good friend Queen Gertrude hae said, 'More matter wi' less cost.' That's what we'll hae to do. Say less about them and then there'll be less print."

When informed that the price o' former ANNUALS had been three dollars, Purdie was flabbergasted. He decided upon immediate action.

"That weel ne'er do," he said. "An' with the aide of my 'rusky shears, I'll hae to cut it in haelf."

Snip! Snap! Snip! and you have it! The 1933 WITHROW ANNUAL selling for one dollar and a half.

C L A S S E S

SOON after Purdie had been installed at Withrow, Mr. Lyon called an assembly for the classes that had not as yet met Purdie. The trim Scotchman was enthusiastically received by the student body, and made a brief speech.

"I dinna want tae waste words," he bluntly stated, "cause when one wastes words, he wastes time a' time is money. I believe in saving money. The purpose o' my speech is tae stress thrift in a' things at Withrow. Now I'm not only talkin' tae the Juniors and Sophomores, but tae the Freshmen and Junior High School students as well. I want the Juniors to start saving their pennies now, sae that they can *all* buy Annuals i' 1934! These Freshmen and Sophomores who are sae extravagant wi'

their paper must economize. The vera idea o' throwing away paper used only on one side! I want you tae save it. Send it up tae my office if ye canna use it. I'll use it tae post my notices o' the bulletin boards. I'm not a-gonna sae much more 'cause I don't think the Junior High students should miss much o' their classes. Time is valuable, as I said before. Now do ye all understand what I mean by conservation? That's what I want you all tae be, *conservative!*"

Mr. Lyon was delighted with the success of Purdie's plan and lost no time in congratulating Scotland's "pride and joy." Purdie received this message with his modest smile.

"Well, I knew they'd do it," was all he would say.

A T H L E T I C S

WHILE ATHLETICS AT WITHROW had always played an important part in the school curriculum, our teams hadn't been up to the standard of former years. When Purdie heard of this, he pronounced the cause of the temporary "let-down" to be none other than the fact that the boys weren't "tight enough" on the line. The athletic department voted Purdie assistant football coach; and, soon after his acceptance of the position, he was out on the practice field "tightening" the line. Owing to his admirable work, the 1932-33 team won the Public School Championship of the city. Assailed by the fear of the possibility of too many footballs being lost, Purdie tied rubber strings onto all the balls. The job of being

merely assistant coach wasn't enough for the energetic Scotchman, so he tried out for halfback position. This appealed to him for a short time, but then he set out to create a position whereby one could get everything back—he didn't like this "half-way" business, he grumbled. Economy in clothes was the next thing Purdie inaugurated. Substitutes going into a game had to wear the same suits as the players going out. This slowed the game considerably but gave Purdie more time to think out a new Scotch play that would net the team some yardage. Many a game was won by this ingenious method of "time out" so that Purdie could think up a "new one."

BOYS' ATHLETICS

WITH THE RETURN of twelve lettermen at the opening practice of the football season, Coach King's hopes were high for a championship team. In addition, many of the new recruits showed good material. In all, it was the most promising squad Withrow had seen for quite a few years. The only drawback was the comparative lightness in weight of the squad. Coach King formed plays, however, which easily overcame this handicap. Closing a whirlwind season with eight victories and only one defeat, the Orange and Black gridders won a hard fought game with Hughes and clinched the city championship.

WITH THE CLOSING of the football season, basketball practice began under the guidance of Coach Duning. Of the large number of boys who turned out, there were four veterans of the previous year upon whom the team could be built. They were: Gerdson, Kohler, Kreimer, and Taurman. Despite this fact, the Tigers fought through a hard season, tasting defeat more than victory. Considering the fact, however, that nearly every opposing team had the advantage of height, the Orange and Black squad made a fairly good record. The basketballers were fighters from beginning to end and did not lose a game without putting the best they had against the odds before them. Much good material was left with which a winning team can be built up next winter.

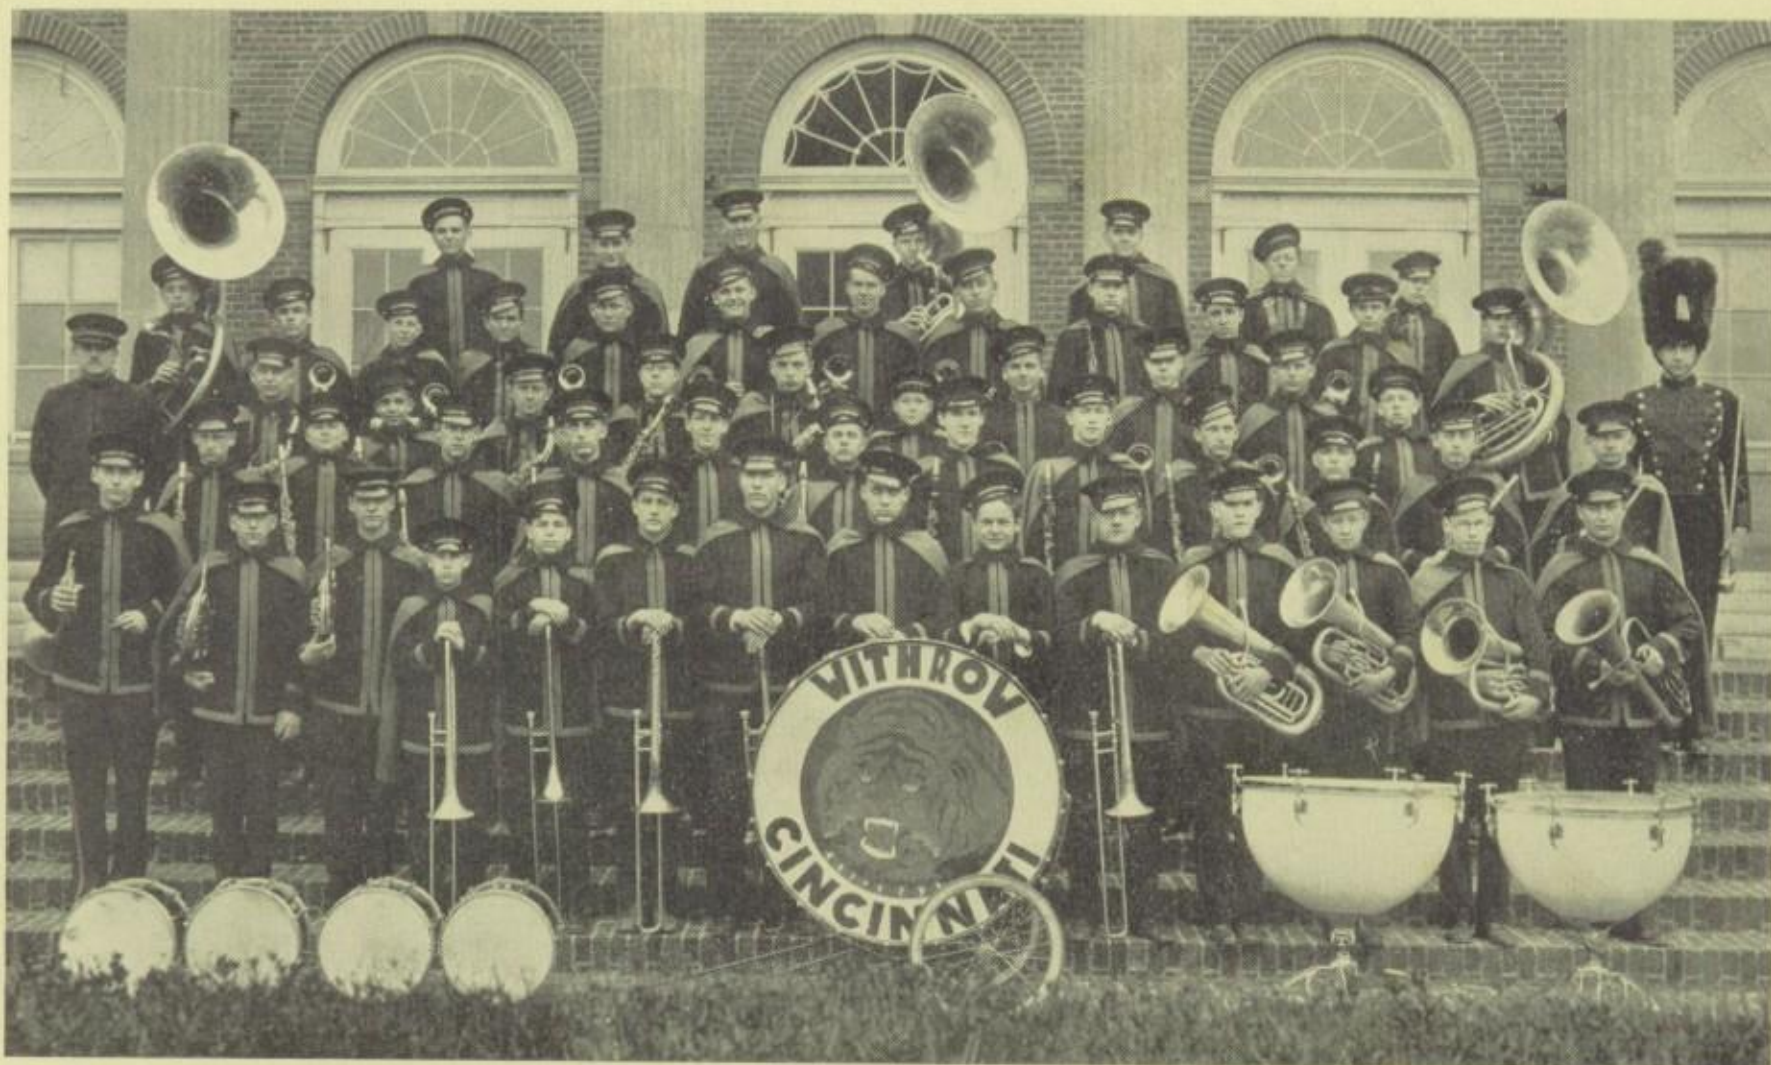

SOON AFTER SCHOOL STARTED, Coach "Doc" Reuter began prospecting for runners for his cross-country team. In order to get the boys in shape, practice runs were held between the halves of the football games. Although not very successful in the cross-country meets last fall, the Withrow team did very well, considering the fact that most of its members were comparatively new. With the coming of winter, indoor track work started; and, as soon as warm weather returned, "Doc" began organizing the regular track team. Quite a few members were lettermen of the year before. This year the team widened its scope of activities so that Withrow entered a man in nearly every track

and field event held. Exceptional skill in field events was shown by Bill Kent, who holds a number of records, including the southwestern Ohio district record for the pole vault. Last season the team won both city and district championships, and this spring the district championship was again taken by the Tigers.

ALTHOUGH COMPOSED mostly of Junior boys without previous experience, the swimming team showed up quite well during the past season. The all-time city record for the 100-yard breast stroke was broken by Fletcher of the senior team. After strenuous practice under Coach Wirth, the tank-men opened their schedule with three successive victories. From then on, the season was fairly successful, with the swimmers placing not less than fourth in all meets. Several swimmers on the senior team stood out as steady performers throughout the season. The showing of the Tiger natators in dual meets showed they were able to sink the strongest teams in the city when met alone.

DESPITE ADVERSE WEATHER CONDITIONS, which gave the baseball team very little outdoor practice, Coach King had his team well organized by the time of the first game. The first practice showed him that eight veterans had returned to form an excellent foundation for a squad. The battery was stronger than average, and thus enabled Coach King to pin most of his hopes on the pitching rather than hitting. From the lettermen he built up a formidable team which, up to the time the yearbook went to press, had only lost one game. It seemed certain that Withrow would have another championship team this year.

THE WITHROW TENNIS TEAM, under the supervision of Coach Duning, formed this spring, with three veterans and three new players. Although not as promising as in some other years, the team prepared to do its best to play a successful season and, at the time the ANNUAL went to press, still had its first game to play.

NO WITHROW HIGH SCHOOL football game in our beautiful stadium would be complete without the presence of "Smittie's Tiger Band." Withrow followers have become so accustomed to being entertained during the game that football and the band are spoken of in the same breath. The "Broken Field Running" which Coach Smith has drilled into his "Smithites" is second only to that of the Ohio State Band, the peer of college bands.

The individual members, feeling it is their duty to Withrow High School to do their

share for the occasion rather than to be mere spectators, are faithful to their school band just as the players are to their team. The teams join me in extending our appreciation to Director Smith and his band for their loyalty and untiring efforts to make the football season a complete success.

GIRLS' ATHLETIC ASSOCIATION

THE GIRLS' ATHLETIC ASSOCIATION has had a very successful year. It has accomplished its main purpose, that of improving the health of the girls through the various activities. This organization opens the season by a hare and hound chase. Hockey, basketball, baseball, swimming, and color day follow consecutively. An Honor Night banquet closes the athletic season. At this time, the girls who were on champion teams are awarded chevrons; those who have received five hundred G. A. A. points, numerals; and those who have earned one thousand points, an all-around "W." The Honor Ring is presented to the senior Honor Girl. The G. A. A. officers this year are: President, Marcella Ackenhausen; vice-president, Denise Eickhoff; corresponding secretary, Edith Bittman; recording secretary, Pauline Easter; treasurer, Dorothy Meek.

THE HOCKEY SEASON started off the girls' athletic year. After three exciting class games the championship was awarded to the seniors, and the juniors followed with a close second. For the first time in the history of Withrow, the girls had a chance to compete with another school. A team selected from the honorary Varsities and All-Stars won from Hartwell. The entire hockey season was under the skillful management of Pauline Easter. Assisting her were the following class captains: Senior, Mildred Lind; junior, Lorraine Hogan; sophomore, Edith Bittman; freshman, Elfrieda Hopff.

OVER TWO HUNDRED GIRLS turned out for basketball practice and group games. After an exhibition game and one week of practice, the girls were divided into group teams. After these group games the different class teams were chosen. The class games resulted in another senior victory. The entire season was under the management of Helen Hutchison, assisted by the following class captains: Senior, Alberta Heshong; junior, Mary Margaret Rogers; sophomore, Helen Paffemitter; freshman, Marie Chestnut.

AN EXTENSIVE AND INTERESTING swimming program was carried out this year. The three meets, held in December, February,

and April, were won by the Sophomores; and the Freshmen came second. This successful season was due to the effects of the swimming manager, Doris Hexamer, assisted by the following class captains: Senior, Margaret Ringhand; junior, Alma Ziegler; sophomore, Clo O'Neal; freshman, Patricia Vockel. Seventeen girls received swimming letters and seventy-five points towards their "W." Four girls passed the senior life-saving, and fourteen passed junior life-saving.

THE INTERCLASS BASEBALL SERIES started this year during the last week of March. After a few weeks of practice, the class games were played. The juniors were declared champions after six very well-played games, and the sophomores came second. The baseball season was under the efficient management of Dorothy Meek, assisted by the following class captains: Senior, Mildred Lind; junior, Lorraine Hogan; sophomore, Edith Bittman; freshman, Ann White.

THE 1933 COLOR DAY, the girls' annual track and field day, was held in the Withrow Stadium on May 1. The two parts of the program were: The entrance of the classes, and the various field and track events. The seniors won first place in the stunt with the Pied Piper of Withrow. The school grounds were swarmed with green, blue, and red rats. The three lower classes failed to rid the grounds of these rats. The Seniors succeeded, and were rewarded by the G. A. A. Board.

INSTEAD OF HAVING four hurdles for speed, only three were used this year. Because this is so new, there are as yet no national records. Lorraine Hogan fulfilled the required time by running the hurdles in 7:4 seconds, thus establishing a national record. Moselle Gaston established a new running high-jump record for Withrow with a jump of 4:7½, which equals second place in the national record. Lorraine Hogan established a new hurl-ball throw record by throwing 93½ feet.

In the final totaling of points, the juniors won first place with 69½ points.

AS SOON AS PURDIE HEARD of the organizations here at Withrow, he obliged us with a few Scotch suggestions. Clubs were the first consideration of the thrifty commentator. Purdie thought it advisable that all the clubs should be merged into one large body. Pins, a very expensive and altogether unnecessary luxury, were to be dispensed with; and ribbons were to take their places. His first illuminating idea proved impractical, principally because of the inability of French students to converse

intelligently with scholars of German or Spanish and vice versa. Some of the lesser clubs were eliminated by Purdie, who deemed them a burden to the members. His second suggestion fared better than the first. Fewer club pins were sold this year than ever before. Ribbons proved a popular institution at Withrow, possibly because of their less costly initial expense.

Purdie certainly has economized business affairs here at school, especially by slicing the price of the new 1933 ANNUAL.

P R E S E N T A T I O N S

OUR FACULTY ADVISOR, PURDIE MACGREGOR, interested himself thoroughly in all the presentations throughout the year. He was a member of the casts of all our plays, not to mention the fact that he was the most important man in the Minstrel Show.

Purdie distinguished himself with laurels in the Christmas play. He was on the other end of the telephone at all times during the performance, completing his task by closing the curtains at the finish.

The final play of the year, "Mr. Pim Passes By," once more demonstrated Purdie's dramatic talent. In this presentation, he played a dual rôle. One was that of

Brymer, who sent a letter by Mr. Pim to George Marsden. This rôle required a great amount of artistic restraint on the part of the actor.

Purdie's last participation in the big presentations of the year came when he took over the leadership of the choruses for the Annual Concert. Mr. Surdo was glad to be relieved of this duty when one so capable as Purdie was available for the job. The only thing wrong with the songs they sang was that he had the boys singing girls' parts, and girls singing boys' music. The harmony was "delightfully refreshing and decidedly different."

THE ADVERTISING CAMPAIGN OF THE ANNUAL had not been going so well. The staff members had been doing their best to sell advertising but seemed to have lost their usual good salesmanship. Thus, in their dire need, they turned to Purdie—the undaunted deliverer.

“Tis an easy matter,” he said, “that is, ance one gets on to it. Ye maun aye remember that whan ye’re selling something, ye maun sell yoursel’ wi’ it. Now advertising—that’s easy. In advertising everything is selling. Ye’re selling to the advertiser, he’s selling his products to ye, an’ at the same time his guid will.”

Some of the staff wished to omit the calendar; Purdie was adamant in his objection.

“Ye winna dow such a thing,” he shouted. “Why the very likes o’ such a foolish undertaking. How else are the people to know where they went during the past year? It’s sort o’ a diary—ye know; whan people ask ye, ‘Where were ye las’ night?’ A’ ye hae to dow is take out ye’r WITHROW ANNUAL, look up the calendar, an’ sae— ‘I went to the Thalian Play—“Mr. Pim Passes By”’—or ‘I attended the baseball game atween Withrow an’ Norwood!’ Ye’re past actions are a’ accounted for an’ ye hae nathing to worry about.”

The doubtful members saw clearly the sagacity of Purdie’s declaration and quickly lifted their personal objections to a calendar.

THE DIARY OF PURDIE MCGREGORY

SEPTEMBER, 1932

- 6—A' the bonnie lads and lassies tripped gaily atour the bridge this morning, some eagerly, some indifferently, to start the new year.

- 19—Alpha Y and Hi-Y decided they ha' better get in the swim o' things, and haen their first meeting o' the year.
- 23—Hear the Tiger roar! Withrow opened her football season by beating Chillicothe 47-0!
- 24—I feel a verse coming on—

The hares were chased by the hounds to-day
Over a long, long trail,
G. A. A. followed with the lunch,
All met in a shady vale.

- 27—Dr. Barker spak to us i' assembly this morning.
But didna we seniors hear it twa years ago?

- 18—What a day! Cold—rain—snow. But loyal Withrowites turned out to see Hughes trampled atour with 19-0. We are, once more, the champions!
- 23—What! No Thanksgiving assembly! Withrow, did you go Scotch, too?
- 24, 25—I entirely forgot my nationality on Thursday and Friday.

- 9—If it hadna been for the dance the Seniors gied i' the Girls' Gym, you probably wouldna be reading this i' your ANNUAL!
